

Things to Remember

The Leonard Cleanable Refrigerator

is one-piece porcelain lined, as easily kept clean as your china dishes. No cracks to catch dirt, breed disease and create disagreeable odors, so often resulting in ptomaine poisoning. Kept air tight by patent drip locks and hinges. Ten distinct walls keep the cold air in and the hot air out.

Brass Beds

massive, strong and beautiful designs. No known acid will tarnish them. A policy is issued for each brass bed which insures it not to tarnish in 5 years. Do not buy a brass bed till you have seen it tested with ammonia or wool alcohol.

New Method Gas Ranges

retain the heat longer than other stoves, thus requiring less heat, and less gas. The asbestos lining holds the heat in and the kitchen is kept cool. They do not rust, never explode, bake uniformly on the top, sides and bottom. Nine patented features not found in other stoves. We can show you better than tell you.

Bed Room Suites

Colonial bed room furniture is the prevailing style because it is smooth and easily kept clean, just as sanitary as an iron bed. It is large, massive and beautiful in design, and will last as long as you need a bed room suite. See our line in solid Mahogany, Circassian Walnut, polished quarter sawed Golden Oak, Bird's Eye Maple and Gum.

Our Parlor and Library Furniture

is the best and latest production of the famous Karpen, Hartfelder and Lambert Companies, made up in genuine Mahogany and Golden Oak and much of it upholstered in No. 1 leather and Denham.

Porch Furniture

We have just unloaded a car of that beautiful, green and brown Kaltex Porch Furniture, consisting of chairs, rockers, settees and swings. Also a fine line of mission furniture. Swings \$1.90 up, rockers \$3.00 up. See our line before purchasing.

You can stop that awful itch from eczema and other skin troubles in two seconds.
Seems too good to be true—but it is true, and we vouch for it.

INDIGESTION

Causes Dizziness, Nervousness, Sick Headache, Sleeplessness.

MI-O-NA STOMACH TABLETS BANISH ALL MISERY.

You know that most of the ailments named above come from an out of order stomach; of course you do.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

If it doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach a poisonous gas which irritates the great pneu-

mogastric nerve that leads directly to the brain from the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness, and other ailments.

MI-O-NA will end all stomach misery, or money back. A large box costs only 50 cents and is sold by Wells & Haymaker Co. and druggists everywhere.

NOVELTY

Bill is at the Odeon Theater the First Half of the Week.

In booking the attraction at the Odeon for the first three days of this week the management has gone the limit when the small price of admission is taken into consideration.

The feature act is "Electrotrapez," presented by Miss Frede, who has

been given the title of the American Venus and a capable company. The act gives Miss West abundant opportunity to display her remarkably striking beauty in a series of attractive poses, each embellished with a wealth of special scenery and electrical effects which require the services of three experts to operate. Among the most striking of Miss West's poses are "The Snake Charmer," "The Maid of the Mist," and "Rock of Ages," each being presented in an artistic manner.

Jack Miller, the comedian, keeps the crowd in an uproar with his droll stories and comedy songs, rendered in an original manner that places him in a class by himself.

Lucie and Eddie Murray have a pleasing skit "Spoonin' in the Watermelon Land," using a special drop made to represent two large watermelons from which they make their entrance. As Buster Brown some good songs are introduced, a clever line of pathos and a quick change is made to elaborate costumes for the finishing number, a song and a dance and a composition number of Mr. Murray's.

The usual pictures are shown, making an attractive show from the rise to the fall of the curtain.

There will be a big array of amateurs at the Wednesday matinee.

OIL

Field in Kanawha County Continues to Loom Up Big.

CHARLESTON, Mar. 19.—Last week was another good one for oil and even for gas men. The work of the last week has been even greater than any heretofore, and the indications that even the present showing will be increased through the activity being displayed by men who have not entered the field in an active way. The indications are that a very good gas territory has been located some distance from the defined oil territory. Boggs No. 1 on Grape Vine, near Sissonville, has been tubed as a gasser and the official gauge shows a little over 2,000,000 feet daily. The status in the oil field now is as follows:
